Type:	CALL RECORD - RECEIVED
Follow-Up Date:	2024-08-06
Comments:	I received a call from the owner, Ethan - +27 68 107 6995 Ethan advised that he aquired someone to assist him with enlarging the cages and that the person can only assist him over the weekend. He asked if I can follow up next week, as the cages will then be done. He also advised that due to his working schedule he hired someone to daily come and clean the dogs cages and take them for walks. This person was allegedly sick for the past 2 weeks but is now back and will ensure the cages are cleaned daily. He will also build a kennel structure for Tequila, as requested. I will grant him the extension and follow up next week.
