Comments:	CALL RECEIVED FROM THE OWNER. 0227230118

He advised that he received the warning this morning when he arrived home and asked what is going on as he no longer has any animals.

I advised him that we received a complaint that his animals were underweight. He advised that a white lady took a puppy from him last week (the complainant of the case) and the other dog dissapeared, he isnof the opinion that the complainant came that night and took his other dog as well, but he cant confirm.

He said I am welcome to enter his property, any time and verify. His wife will be at home this week, I can just enter the property and knock on the door.

I thanked him for responding to the warning and advised that I will go past the property this week.

I WILL GO PAST TODAY AND VERIFY
