Comments:	I returned to the bring to bring the owner a temporary collar. I fitted the dog with a strong leather collar. The owner advised again that they will fix the fence over the weekend and corridor a section for Luna, the dog. I advised that I will return next week to verify and see progress. The dog was fitted with a suitable collar and a swivel to prevent the chain from twirling. The dog has adequate protection against the weather elements, is in good condition with no veterinary or health concerns observed.
