Comments:	I contacted Chantal Prince at the Swartland law enforcement to ask her if she can help me with tracking a number plate. Chantall asked me for the number plate and told me that she will talk to her supervisor Pappas Barron and will contact me if they have something. Officer Pappas Barron contacted me shortly after my conversation with Chantall with the details of the number plate. The truck is registered under the business name JH. Stemmet and the address is Klipheuwel farm. Officer Barron also mentioned that the truck is registered to transport dangerous materials like petrol and so forth. Officer Barron gave me the contact details of the owner. 0833033590 and 0219711604. I will contact the above numbers to find out where the farm is situated.
