Suburb:	LANGEBAAAN
Postal Code:

Inspector:	CARINA BODENSTEIN
Type:	CALL RECORD - RECEIVED
Follow-Up Date:	
Comments:	The owner of the dog advised that the accused fled and they cant find him anywhere and that they still dont know his actuall address, or even his name, but that they found out he does not actually stay in Langebaan. They have decided to leave the case for now and will go to SAP when they find the accused again . There is currently no further intervention required from the SPCA. I did advise the owner as to what evidence must be obtained, and it also seems that they are not forthcoming, as they have not received any affidavits from the eyewitnesses. The eyewitnesses apparently told the owner that they dont want to get involved and dont want to testify in court. I will close this case for now, once new information is brought forward we can reopen this case to be updated.
