Complaint Reference No.

INSPECTOR NOTE**Building:** PLAASMOL PADSTAL & PETTING FARM**Street:****Suburb:** HOPEFIELD**Postal Code:****Date:** 2024-07-26**Time:** 10:25**Inspector:** CARINA BODENSTEIN**Type:** GENERAL**Follow-Up Date:** 2024-09-20**Comments:** REPORT CONTINUES -

Legislation:

They do not have a PAPA, they apparently had the statevet in 2019 at the facility and was advised that they do not require a PAPA as the public do not interact with the animals. I found this strange as the animals are still on display, regardless if they are interacted with or not.

I advised that I will forward them the application process for them to apply and to discuss their current status with the statevet again.

They do not have permits for the Zebras, Kakariki's, Conures, Leopard Tortoises or Marmoset Monkeys. They were in contact with Donnie from Cape Nature last year, he advised that he will sort them out, but till today they have not received any documentation from him. I advised that they follow up with Donnie again.

Conclusion:

I will come around after 7 weeks to also assess Thomas and to follow up on the permits and PAPA application progress.

No contraventions in terms of the APA were observed during the time of my inspection .
