General Report Comments: As I was in the area to follow up on 1 kraal I did a drive through and checked on the animals and the conditions they are kept in. All the kraals with sheep/goats and cattle was empty as they were grazing in the veld. I drove to them and saw about 300 sheep, 150x goats and 70x cattle. They all appeared to be in good condition with no veterinary or health concerns observed.

Routine inspection to be done regarding the top middle section kraals (kraal to kraal) in a few weeks.
