General Report Comments: Bassie the owner was at home and showed me the pitbull called Spot who is recovering from the skin condition. Spot is looking good and his hair is starting to grow back. The Great Dane female is also loose on the property and in acceptable condition. I asked Bassie where the other dog is and he said the dog is somewhere on the beach because the got out this morning and has not returned. Water, food and shelter was observed for the dogs on the property. Will recheck.
