General Report Comments: Of all the horses that I observed only two mares are underweight and the body condition needs to improve. The parrots cages and the Bengal cats cages are clean. All three dogs body condition is fair and acceptable so as the cats and parrots. There is a lot of oathay and sweet feed available for the horses. I also observed water. There is enough perches in the parrots cages and all the water bowls are clean. I issued a Notice to comply advising the owner to improve the body condition of the two mares.
