General Report Comments: I did a door to door at the property and I saw 2 dogs on on short chains. I stopped by to speak to the owner of the dogs about the condition of the dogs.
He welcomed to the property but the pit bull was going on as he was going break the chain. I stand outside the property so that the dog can calm down. I asked him why is the dogs on chain while the property is well fenced he said the pit bull did came out and bite a person that is why he chains them.
I left him the notice to comply for the shelter on the terrier x dog and I running chain for both dogs. He said he didn't have money at the moment to make a shelter and buy a wire for the running chain he asked if he can do it month end. I gave him 17 days because he said he doesn't have money at the moment. I also advise him he must always change the water because the dog put sand in it.
