General Report Comments: I responded to complain about the dog on the chain without food and water. I arrived at the property and I found that the owner of the dog is home and she welcomed me to the property.
I explain to her why I was there and she was very cooperative. She let me see the dog and she explained why they keep the dog on the running chain.
I also advise her to put the shade net to provide more shade and also to wash the dog with cold water to avoid heat stroke. Water and shelter was observed and the body condition of the dog is acceptable NFA
