General Report Comments: I did a door to door at the property and I saw 2 dogs on the property and I stopped by to speak to the owner of the dogs. Upon my arrival I saw 1 dog on a short chain without a shelter and I asked the lady why they kept the dog in that condition and she said the dog cases people when they clean the trucks.
I told her to tell her husband that they must provide the dog with a running chain and shelter when she is outside on the chain. Because she said the dog is using a pig stable at night.
I left the notice to comply for running chains and the shelter and always be water available at all times.
