General Report Comments: Veronica gave me access to the property. Isaw 2x dogs on long running chains and both dogs has collars around their necks. The brown dog is still underweight, I asked Veronica if they have food for the dogs and she said yes. I asked her to show me the food. Veronica went to fetch a bag of Smart dog food. I took some of the food and told her that the dogs won't put on weight because this dog food is bad and looks like sand. I advised that Peter the owner should get the dogs adequate dog food and that I will come back after 2 weeks to see if their is any improvement in the dogs body condition. Will follow up.
