General Report Comments: I saw 1x black and tan German shepherd female on a long chain with a collar. Water was also observed. I've noticed that the dog does not have shelter and asked the owner Maria why the dog does not have any shelter. Maria told me that the dog sleeps inside the house. I told Maria that is all food and we'll but when the dog is outside she needs shelter against nature's elements. Maria understood and said she will talk to her husband. I issued a warning to provide the dog with shelter. Will recheck.
