General Report Comments: I saw 1x pitbull male called Hulk on a short chain with a collar and 1x pitbull female called Lexi also on a short chain with inadequate shelter. Both dogs has water available and their body conditions is acceptable. I asked Rochelle why the dogs are being chained and she told me that Hulk and Lexi are very aggressive towards people and other dogs and that their property is not fully enclosed. I issued a warning to provide Lexi with adequate shelter and to put Noth dogs on running chains because the chains they are on is to short. Will recheck.
