General Report Comments: Upon arrival, I was met by Shaun, the property and animal owner. He is Marchell Tomas's husband.

I saw the dog left on the property still chained in the same condition as previously. Shaun advised that he does not have money now for a longer chain and the only chain he has, Lexi's chain is too thin and will break with Hulk. He said he will try to do a few side jobs to buy a longer chain as he understands that the current chain is too short. He did previously try rope, but the thin rope snaps and the thick rope twirls, even with a swivel. He asked for a bit more time as he does not want to lose Hulk as well. I granted him more time and will recheck progress next week.

Shaun also made use of the mobile clinic in the area today and took Hulk for a dip, rabies injection and deworming.

Regarding Lexi:

The owner asked if he is getting Lexi back, I advised him since he did not claim the dog within the prescribed 7 days, he has lost ownership and the dog now belongs to the SPCA. He understood
