General Report Comments: On arrival the pitbull x female got out of the yard and was walking in the street. Brandon called the dog Mia but she went into the neighbors yard. Mia is in acceptable condition for a dog that had puppies recently. Brandon took me to the back where I observed 4x puppies in the wooden house where he is keeping them because is afraid they can get stolen and because their property is not properly fenced. The living area where the dogs are kept is clean and there is enough space for them. Water and food was also observed. No welfare concerns noted. Nfa until further notice.
