General Report Comments: The dog's are kept inside the house but the house is about 10m × 3m. There is enough space for the dogs to move around. In front of the Wendy house there is a wooden confinement which makes the space even bigger. Nasima informed me that the dogs doesn't like other dogs and any other animals so they don't want to tie their dogs. The body condition of both dogs is fair and acceptable. Both dogs are sterilized. Water, food and shelter observed. The house is neat and tide. I tried calling the complainant but his phone goes straight to voice-mail.
