General Report Comments: I saw 1x black terrier x male and 1x brown and black male and 2x Dsh ginger kittens inside the flat. Both dogs and 2x kittens are underweight. I asked the boy that did not want to gave his name to me what they are feeding the animals and he went inside the kitchen area and came out with a bag of dog food which clearly is not adequate. The 2x kittens are given left over food from the evening. Water and shelter is available. I issued a warning to provide both dogs and kittens with adequate food. Will recheck.
