General Report Comments: I did a recheck today and I found that the owner of the dogs has not complied with the notice that was issued they only removed the dog from the rope he was tied up to.
I spoke to the neighbors they told me that the owner of the dogs has told them that he doesn't know what is going on and he doesn't have money to buy the chain because he is a pensioner and they told me that they will help him with the running chain because the dog is protecting them in that circle because he barks at night. I left another notice for running chain and they asked me to give them more time to get money and they will provide the dog with a running chain. Water and shelter was observed and the body condition of the dogs is acceptable will recheck after 19 days
