General Report Comments: Upon arrival, I was met and granted access to the property by Johannes, the owner.

I immediatly saw the 1x dog has been placed on a runner of approximately 5m long with an attaching 2.5m light chain. The dog has a washing machice pipe collar, water, clean living area, and adequate shelter. The other dog was free roaming during my inspection, according to the owner the dog is calmer when he is not chained. No veterinary or health concerns observed during my inspection. The black dog who had a slightly injured leg has healed well and there is no further concern.

The owner has complied with the requests, and the dogs welfare has certainly been uplifted.

When I am in the area, I will drive by to ensure complaince.
