General Report Comments: Upon arrival, I was met and granted access to the property by a lady who claimed to be the property and animal owner's sister. She stated that her brother passed away yesterday and thay I must come back after the funeral as she doea not have the time for me now, and that I must repect them as a family.

I asked her where is the dogs and she said inside the property, all 3. I observed Kesha laying inside the kennel, still being emaciated.

I askes if the dog was taken for treatment and the lady became very rude saying I must repect their animals. I made her ubderatand very clearly that the animals are also important and that I have been dealing with them for the past 2 weeks. An unidentified male then approached me and adviced that the dogs were taken to Village Vet last week, he said he accompanied Athini. I asked for proof and he advised that he does not have it with him, and that Athini is not here.

I will go to Village Vet and enquire from them directly, if they have no proof I will obtain a court order.
