General Report Comments: Upon arrival, no one appeared to be home, however I can observe the dog fully. The chain has been extended and the pin has been moved to the middle. The dog now has a 360 degree space with a 5m long chain.

Whether the owner builds the enclosure or not. I am satisfied with the current method, as the dog has more roaming space and appears to be much calmer since this has been implemented.

I will close the case regarding the black pitbull owned by Colin.
