General Report Comments: Upon arrival, it appeared as if no one was present as no one responded to my presence outside the property. I called out and whistled, but no one reacted.

A car was seen in the drive way, white Hyundai Getz with registration CK 11454.

I could only see 1x dog from the gate, a Rottweiler that appears to be severely aggressive. The dog tried to attack me through the fence several times. I could not see any sign of another dog, and also did not hear any other dog bark from the property (which is strange as in my experience if one dog on the property barks aggressively it will incite other animals on the property to also react, which was not the case today).

I proceeded to issue a contact warning (W5205) for the owner/care taker to contact me within 72 hrs regarding the animal/s on the property or in their possession, control and/or charge.

If the owner/s respond I can discuss the merit of the case with them and also arrange for a time to meet on Monday.

I did not observe any APA contraventions from outside the property.

I attached the warning to the main gate.
