General Report Comments: I did a door to door at the property and I saw 1 pit bull on a long cable without a collar. I stopped by to speak to the owner of the dogs about the condition of the dogs and I saw 1 pit bull loose on the property.
I knock at the gate no one was at home and I spoke to the neighbors they told me that the owner of the dogs is at work and I told her that they must provide the dog with a collar because the cable will go through the dog skin.
I told her to tell him about the water bowl that is dirty it must be washed. I left the notice to comply for the collar and the water bowl has to be washed and they must deworm the dog on the cable because he looks as if is under weight. Shelter was observed and the body condition of the dog is not acceptable will recheck after 3 days.
