General Report Comments: Chante Pieters let me on the property.
I saw 1x tan pitbull x male called AJ. The dog was just lying and I asked Chante who is the owner to call AJ,the dog was limping and I asked Chante what happened and she told me that AJ has been attacked by dogs further down the street. I told Chante that AJ needs veterinary treatment and Chante told me that she does not have a job and won't be able to take AJ to a vet. I gave Chante the option to surrender AJ to prevent further suffering and she agreed to surrender AJ . The black pitbull x male was also on the property,he did not have any open wounds and ran away when I approached him. There is water and shelter available for the dogs on the property. Refer to admission D5643.
Will do a recheck.
