General Report Comments: Joint inspection with Law Enforcement Darling. Lead LE, Marius Humpfreys, and the small farmers vice chairperson Marius.

As you drive in, this farmer is the 3rd farm on your left.

The area was scattered with rubble and building materials. The dog is emaciated. The pigs were laying in the sun as the shelter appears to be broken from what I could see.

I could not physically examine the animals as I could not gain access to the property.

Based on what I could observed from the gate I proceeded to issue a warning (W5213) stating:

1. Animals must be provide with suitbale food;
2. Animals must have 24/7 access to water;
3. Adequate shelter must be provided;
4. The living area must be cleaned and hygienically maintained at all times;
5. The dog must be take for veterinary assesement and possible treatment; or surrendered to the Swartland SPCA.
