General Report Comments: Warren Isaac's was not present on the farm. The gate to his property was closed, but I did see the pigs roaming freely. Looks like the place has been cleaned. The black horse was also loose on the property and is in acceptable condition. Water and shelter was also observed. I went to Warren's house to ask him about the stables. Warren told me that he is still busy putting openings in the stable doors. Will have to do a recheck.
