General Report Comments: While driving around in the area, I observed 1x dog chained to a pole. The chain is approximately 1m long.

The owner came from the house and said the dog is normally roaming freely but recently he roams off the property and they then struggle to find him.

I educated her regarding installing a running chain, and also gave her a leaflet.

I issued a warning (W5220) stating:
1. Place the dog on a running chain within 7 days.
