General Report Comments: Upon arrival, it appeared as if no one was home as there was no response to my presense.

I observed 3x dogs today, all were on running chain of approximately 5m long with attaching 2.5m chains. Each dog had a suitbale collar on and had access to a kennel.

The one dogs cable is a bit loose and I am of the opinion that the owner must tighten this. I will give her a call and explain this to her and also ask if they would like to surrender any of the dogs.

The owner has complied with the issued warning.

I will call her later.
