General Report Comments: I received a call from the after hours about the dog that is possible abandonment I responded to the call and the lady who called the after hours came and the other neighbors who were feeding the dog and were observing if they were people coming to the property or not and they told me that they did not see any person there.  
With the help of the neighbors I jumped in because they said they were dogs inside the house and I went to look and the windows were closed doors were locked.  
I saw empty bowls outside the yard and there was no sign or noise of dogs when I looked around the property. I opened water for the dog and I gave him food and I left the notice to comply that the owner of the dog must contact me or inspector October or the office within 18 hours.
