General Report Comments: Kobus Van Blerk called me and asked if I can meet him at his house. I met mR. Van Blerk at his house and told him about the complaint that the Spca has received regarding a dog on a short chain. Mr. Van Blerk took me to the back of the house where I observed 1x tan terrier x male,sterilized on +-4 meter long chain. The dog is on a chain because he jumps over the wall into the neighbors yard and then causes trouble between the neighbors,now the neighbors has installed steel spikes onto the wall and Mr. Van Blerk is scared if the dog tries to jump over the wall that he could hurt himself. Mr. Van Blerk told me that the dog is not always tied,but when they are home they let him loose. The tan terrier x male body condition is acceptable and he has water,food and shelter available. The living area is also clean. No welfare concerns was observed. Nfa until further notice.
