General Report Comments: Upon arrival, I was met and granted access to the property by the owner, Amanda Basson.

Ms. Basson took me inside the house wherwnl shared the nature of complaint with her. She explained that the cats are feral cats that have moved onto her property as she does not have any animals of her own.

She disclosed that in 2020 she had the same issue where the SPCA then assisted with the capturing of 15 cats in total.

I advised that we trap these cats as well and she was glad about this.

She took me to the back section of the property where the cats normally are. I observed 3x kittens, about 12 weeks old and 2x adult cats. The moment the cats saw me they bolted off the porch.

The only way to caprure these cats will be to trap them.

I will make arrangements to setup a trap and begin the process. I will call the owner and advose as to when I will begin.

Ms. Basson also said she will make a donation for our assitance.
