General Report Comments: Upon arrival, the gate was closed and no one appeared to be home.

Members of the community approached me and advised that the owners are seldom at home, however they were home last night.

I entered the neighbors property, as there is no gate and walked to the back where I observed 2x pitbulls chained on short static chains (approximately 2m long) to their kennels.

There has been no compliance from the owner regarding previous warning/NTC.

I proceeded to issue a final warning (W5247) stating:

1. Animals must have water at all times.
2. Place both dogs on running chains, refer to attached leaflet for guidance.

Compliance expected in 5 days.

If there is no compliance, we will have to proceed with a Warrant and remove these dogs.
