General Report Comments: I responded to complain about the dog that is injured and they refused to treat the dog. I arrived at the property and Mr Nicolas welcomed me to the property and I saw the pit bull sleeping on the property. Nicolas took me to the dog and I saw the wound is drying up and I asked what are they using for the wound.
He went inside the house and came with a wound spray that they are using on the dog. I also noticed that the dog has scars and it looks like they are using the dog for fighting and I asked the owner about the scars and he said the dog did went out and fight with other dogs that is why he has a lot of scars on his body.
Water and shelter was observed and the body condition of the dog is not acceptable will recheck after 7 days.
