General Report Comments: I did a recheck today and I found that the dog is getting better than before the wound is healing and now dry waiting for the hair to come back. I arrived at the property and and Mr Nicolas was there and he welcomed me and I saw the dog is getting better.
I advised him to to put the ointment on the skin so it can't be dry. Water and shelter was observed and the body condition of the dog is not acceptable because of the wound and the hair is not yet grown back will recheck after 14 days
