General Report Comments: Upon arrival, I was met by Rosaline Gelant, the owner.
The dog is kept in front of the house on a running chain that is approximately 7m long with an attaching 2m chain. The dog has a large kennel and water.

The dog is emaciated and likely has an underlying medical condition, or it is likely due to his age.
The dog does not appear to be sick as the dog is bright, alert and responsive, just very underweight.

The dog was dewormed last month and is fed Dogmor 2x day.

The owner said she did not take the dog to the vet as she does not have money. She will try to go over the weekend and asked that I call her on Monday to verify. If she could not take the dog over the weekend, she will surrender the dog on Monday for Euthanasia.

No concern regarding the other dog was observed.
