General Report Comments: Upon arrival, I was met and granted access to the property by Rene.

Rene called the dog, and I saw the dog to be an underweight condition.

Rene advised that the dog is 17yrs old, and I belief the dogs age has alot to do with his condition, as he has no muscle mass.

I convinced Rene to surrender the dog and have him euthanised. I could not load the dog immediatly, as I had no space in my bakkie, however arrangements were made to collect the dog within the next 2 days. The dog is not busy dying, the dog is eating, drinking, defecating normally.

I will collect the dog when in the area before the end of the week.
