General Report Comments: Liezel the owner let me on the property, she told me that she knew the Spca will come because Natasha said that she will send the Spca to take the pitbull male Pablo. Liezel told me that this Natasha lady was very rude and started swearing at her. Before I told Liezel why I am here I told her that Natasha got nothing to do with the Spca and that she should lay charges against her because she has no right to swear at a person. I saw 1x brown pitbull male on a long static chain with a collar. Water and shelter was also available. Liezel told me that the chain keeps on tangling and I told her that they must get a swivel to put on the end of the chain. I asked Liezel when last Pablo was dewormed and she went to fetch Pablo's vet book. Pablo has been vaccinated but there is no record for deworming. I asked that Pablo should be dewormed because is a bit underweight. I issued a warning for the brown male pitbull to be dewormed and to get a swivel for the chain. Will follow up.
