General Report Comments: The dog is now running freely inside the property and when I arrived the dog was inside the house. Wilton informed me that the last time the dog was chained it was because he was not at home so I advised him that even when he is not at home the dog still doesn't have to be chained if the property is enclosed and the dog needs shelter. Wilton informed me that his dog sleeps inside the house because he fears the people will steal his dog because it's a Pitbul. Water was also observed. The dog's body condition is fair and acceptable
