General Report Comments: Marthinus let me on the property. The male dog was loose, and the female dogs chain has been extended and she does have a collar around her neck. Marthinus told me since they let Boetie of the chain he is always in the street and they are afraid he will get hit by a car. The female dog is provided with shelter and water. Marthinus decided to surrender Boetie because he is always in the street. Refer to admission D5673. Will recheck again to check on the female dog.
