General Report Comments: I was by Jan Cilliers who is the owner of the 30 Border Collies on this property. It seems to me that Jan Cilliers is breeding with Border collies. I observed +- 30 Border collies on the property. Some of the dog are in enclosures and some are loose on the property. The dogs seem to be in acceptable conditions. As we went through the kennels I saw that some of the enclosures does not have kennels and I addressed the issue with Mr. Cilliers. I also noticed that the enclosures has not been cleaned recently and that some of the dogs water bowls was empty. Jan Cilliers blamed the person who is supposed to look after the dogs whereby I corrected him and told him that he is the owner of the dogs and should take responsibility for his animals. I also noticed that some dogs that is together in a enclosure are aggressive towards their kennel partners and I asked Mr. Cilliers to separate the dogs that don't get along with each other. Food was also observed. I issued a warning to clean the enclosures,separate the dogs that is aggressive and to always provide dogs with potable water at all times. I also advised on my warning to provide kennels in the enclosures that does not have kennels. Will follow up.
