General Report Comments: Upon arrival, no one was home but the neighbor from 30 Duiker str, Tina, assisted me best she could.

I observed the adult pitbull chained in the left corner of the property, under the carport. The dog is severely aggressive. The chain is approximately 6m long attached to a thick wooden pole. The chain is however twirled up and restricting the dog's roaming space.

The area is not suitable for a running chain as this will restrict the dog's roaming space even more. The dog has a 180degree radius of movement, the chain must just be untwirled.

I issued a warning (W4620) stating:
1. attach swivels on both ends of the chain.
2. To contact me for more guidance
