General Report Comments: I saw 1x black lab x loose in the yard. There was no one at home and the dog came running to the gate. According to the notes on the case the dog was given a Bravecto and is in the process of recovering from mange. There is still some bare patches on the dog where is hair has to grow back. Water and shelter is available. The dogs body condition is acceptable. Will recheck again after 2x weeks to see if there is any improvement.
