General Report Comments: I responded to complain about the dogs that the owner said he will tie the dogs legs so that they can not jump the fence again. I arrived at the property and I knock no one came out as I was about to leave the property a man came out and spoke to me.
I introduced my self and the reason I was there and the guy told me that the owner of the dogs is not there and his dogs are with him and he directed where they were.
I drove there along the road the owner of the dogs saw the spca bakkie and they pulled me over and they explained to me that they are the owners of the dogs.
They explained to me that they paid for hospital bills for their dogs have done to the other dog and they said they will never tie them up like that they just wanted to assure the lady who's dog was bitten that the dogs won't come out again. Thedogs body condition is acceptable NFA.
