General Report Comments: On my arrival I was met by Randall who says that he also stays at this address but he is not the owner of the dog. I asked Randall if the owner of the dog was at home and he said no but he did tell him to show whoever is coming to check up on the dog again what he has got for the skin condition that the dog is starting to get. Randall went inside and came out with Ectodex dog dip which is used for skin conditions and ticks and fleas. The terrier x was lying inside the yard. Dog is in acceptable condition. Water and shelter is available. Nfa until further notice.
