General Report Comments: I saw 1x female husky x on a short chain with a collar. John the owner came out and I asked why the dog is on a chain. John said it is because his property is not fully enclosed. John immediately took the dog off the chain. Water and shelter was observed. I issued a warning and told John that if the dog needs to be tied we would prefer that the dog should be on a running chain so that the dog can have more space to move around. John said that he will install a running chain. Will follow up.
