General Report Comments: Upon arrival, the main gate was closed and a board displaying the operational hours was fixed on the fence. The facility is closed Mondays & Tuesdays.

Majority of the animals can be seen from the road, however I can not physically examine them or enquire regarding their housing, feeding etc regimes.

I advised my Manager, Insp Van Zyl, who agreed that the follow up can be done when I am in the area or close to the area again when they are open.

Not sure when I am in the area again, will place follow up for friday, with the hopes of being in the area. If not I will reschedule for next week and also do proactive work in the area.
