General Report Comments: PROACTIVE

I observed from the road a dog chained in front of the house. The chain is approximately 2m long. The dog has a raw chain around his neck and has no adequate protection against the weather elements.

I issued a warning (W4619) stating:

1. Place sog on running chain, refer to attached leaflet
2. Provide the dog with a propper collar
3. Provide the dog with adequate shelter

7 days granted to comply.

The neighbor, Mr. HENRY, residing at 199 Main road and advised that the owner is sleeping as she works nightshift. He advised that he will give the warning to her when he sees her this afternoon. I gave the warning to him to give to the owner.
