General Report Comments: I did a door to door at the property and I saw 1 dog on a long chain without a shelter and a collar. I arrived at the property and miss louw welcome me to the property and I introduced my self and the reason I was there.
I asked her why is the dog without a shelter and she said that the had a shelter and he was chasing a neighbors cat and the long hose pipe strung the kennel and it broke down. I told her to fix it before it rains. I also noticed that the dog has no collar they used a rope and it looks like it will soon going into the skin.
I left the notice to comply for the shelter and the collar will recheck after 7 days.
